

Professor and Mrs Angell

Mr and Mrs A Ahmad

Dear Azhar and Samira

I am writing to thank you for the wonderful welcome that was afforded to Ian and myself yesterday. It was a great privilege to be invited to attend your centenary celebrations; the Ahmadiyya Anjuman Isha in Islam conference.

We very much appreciated being included in your special celebratory event.

It was a wonderful occasion which was very enjoyable and a great success.

The speakers were extremely interesting and their presentations were most thought provoking.

It was an honour to meet Dr A K Saeed and other guests and in particular, Mrs Khan, who chaired the proceedings with such grace.

Such a conference takes a huge amount of organising. I know that you both worked tirelessly over a long period of time to make the weekend a success.

I am sure that you must be thrilled with the way the conference was received as the atmosphere was exciting, positive and also happy and celebratory.

Thank you for making us feel so welcome and a part of your community; your kindness is very much appreciated. Thank you also for the beautiful gifts. The trophy will take pride of place on my desk and be cherished always.

On behalf of the Woodham and New Haw Community I would like to thank you for all that you do to help local residents.

Please feel free to involve me in any way possible in the future.

I hope that you can take a well deserved rest over the next few days.

Very best wishes

Mary and Ian.
